Termination of telephone/ISDN/PMX connections to be released to TNB
(separate termination at present provider not required)

I (we) hereby provide notice that at the next possible appointment date, I (we) will terminate the connection(s) at for the telephone number(s) listed below. In the event actual switching takes place for technical reasons through my(our) connection after the time for the next possible contractually agreed upon termination period, the contract will continue in force - unless otherwise provided to the contrary in contract extension or termination terms - beyond the next possible termination period and up to the time of the switch-over.

At the same time, I (we) authorize the code conversion for the listed telephone number(s).
